

REIGNITE WEEKEND WORKSHOPS

What women are saying about Reignite in Australia.

TESTIMONIAL

REIGNITE WEEKEND

"I recommend the Gateway Reignite weekend for anyone trying to navigate what it means to be a woman who is not a mother in this pronatalist world. No matter where you're at on your journey, you'll find connection, companionship and space to work through some really complex ideas. Sarah and Judy are wonderful facilitators who bring expertise and life experience to create a safe space. Before the weekend I felt a sense of exclusion and a lack of belonging. The workshop showed me that I am not alone, and the connection with the other participants, and within Lighthouse Women, have helped me to continue to see it each day. Since the workshop I've found it easier to connect with others, to take up space and have a seat at tables dominated by mothers, have heartfelt conversations with people close to me and keep nurturing the spark of fun, curiosity and connection that the Gateway Reignite weekend helped light in my unexpected life."

TESTIMONIAL

REIGNITE WEEKEND

"It's not an exaggeration to say this workshop has been life-changing. That doesn't mean my life has been miraculously 'fixed', but there has been a deep and fundamental change in my perspective and self-esteem. The biggest thing that this weekend gave me, that years of therapy could not, is a sense of belonging. I was so worried that I wouldn't fit in, that my story would be too different, but getting to know the other participants was a real eye-opener for me. Every story was different but there was so much we had in common - not just the end of the story (childlessness!) I now feel like I have a group of amazing women that I am proud to call friends. We were there for each other all weekend and continue to be, both online and in person - a rare and precious gift!"

REIGNITE WEEKEND

"The Reignite team (Sarah and Judy, and Jody from afar), embody so much of what it means to be women navigating a childless life in today's world. They bring an incredible depth and maturity that all childless women have to find, and model the tenderness and vulnerability childless women all have in common too. For me, this is what made the Reignite workshop so special and powerful and worth doing. Their combined dedication to all of us who attended, put a mirror up to my life, and gives me hope and courage that perhaps I can transform into that kind of rare strength of character and integrity too."

ONLINE REIGNITE WEEKEND

My Reignite Weekend was such a healing and uplifting experience filled with many 'aha' moments. We all had a voice during the weekend and learned from each other. I still think about these lessons at least once a day. I saw and recognised my own grief on the faces of other women and realised I truly was not alone, I had found my tribe.

Reignite Weekends

“ The Gateway Reignite weekend was filled with insights, growth, tears and laughter. It was difficult but inspiring and quite incredible to see how much I could learn and grow in such a short time. Words can't describe how comforting it was to find a tribe with these women, all completely different with different journeys but so so similar. The simple act of being seen was so healing after years of ignoring my own pain and feeling irrelevant to others. ”

LIVE REIGNITE WEEKEND

I can highly recommend the reignite weekends. Being 55 and having not even had an opportunity to try for a baby because I didn't meet a partner in time, I thought I might be out of place among the brave women who have endured punishing fertility treatment. But in fact we found so much common ground and achieved a deep understanding and appreciation for each other. Sarah and Judy are sensitive and wise facilitators and only go at the pace everyone is comfortable with. Being childless by circumstance is lonely, however you arrive, and the weekend envelops you in a tribe that you can take inspiration from and shelter with. A safe space to feel whole and supported.

LIVE REIGNITE WEEKEND

Attending this weekend was an acknowledgement, the opposite of denial, and so it threw me back into necessary grief. However I didn't struggle so much, I'd found parts of myself during that weekend I had forgotten existed, my acceptance felt real and I knew I was making space for joy to return. Knowing there are others out there and sharing in that process with those attending the Reignite Weekend makes it so much easier. Gateway Women facilitators light the way forward. There is hope for us yet.
